Based in: Delhi-NCR

Projects

Personal Portfolio Website
Created a personal portfolio website using only HTML & CSS. Designed the website in Figma and translated it into code.

Product Landing Page
Created a clone of a product landing page as part of freeCodeCamp's (New) Responsive Web Design Course.

Technical documentation Page
Created a clone of a technical documentation page as part of freeCodeCamp's (New) Responsive Web Design Course.

Tribute Page
Created a clone of a tribute page as part of freeCodeCamp's (New) Responsive Web Design Course.

Survey Form
Created a clone of a survey form as part of freeCodeCamp's (New) Responsive Web Design Course.
